

Taking a look back at Bath World Heritage Day 2014 – 2019

2019

We celebrated Bath's amazing architecture and engineering at Green Park Station with stonemasons, engineers, architects, guest speakers, students, colleagues from heritage organisations across the city and Mr. John Wood himself!

2018

Bath's Roman and Georgian history was in the spotlight as Roman soldiers set up camp on the Royal Crescent lawn. Thousands gathered in the sunshine to watch the demonstrations.

2017

At a sunny Parade Gardens we celebrated Bath's water heritage with spa, river and canal activities. It was St George's Day so there was added musical and dramatic entertainment.

2016

We focused on 18th century 'polite' society at Bath's Assembly Rooms with minuets, card games, chamber music, 'Upper Town' tours and the odd duel!

2015

We were the guests of the National Trust at Prior Park Landscape Garden to celebrate Bath's glorious landscape setting with painting, drawing, outdoor games, bug-hunts and picnics overseen by Ralph Allen, Mrs Allen, John Wood and Capability Brown.

2014

We teamed up with the Holburne Museum at Sydney Gardens where we animated the 18th century pleasure gardens with swingboats, tree-climbing, music, egg-rolling and painting-by-numbers.
